

Microsoft® Capital

More IT just got more affordable

Financing is a simple, easy, and affordable way for your organization to pay for Microsoft® software, hardware, and services. Microsoft Capital offers organizations of all sizes the expertise and financial resources to upgrade or deploy new technology solutions that improve business productivity.

Choose Flexible Payment Options

- Predictably budget and forecast, while conserving cash. Your organization can invest in more powerful IT solutions and make the investment more manageable.
- Competitive market rates, simple loan terms from 24 to 60 months, and no down payment in most cases.

Conveniently Acquire Solutions from Microsoft

- Applying for financing is easy once you decide on the solution. Obtain a credit application from a Microsoft Certified Partner or Microsoft Registered Member, and receive a response—often within one business day.
- Finance software from Microsoft or a broader set of offerings from multiple vendors. Microsoft Capital offers a single payment option for end-to-end solutions including software, hardware, professional services, and maintenance.
- Upgrade or add new solutions to your existing financial agreement during the loan term.

Efficiently Manage Your Budget

- Preserve cash and maintain credit reserves for investment in other parts of your business, while leveraging technology to increase productivity.
- Acquiring your IT with fixed payments over a multi-year term makes monthly expenses predictable and manageable.
- Lower your total cost of ownership with our competitive rates.

Rely on the Experts

- Customer financing for software, and other IT solutions, is offered through Microsoft Certified Partners and Microsoft Registered Members around the world.
- Microsoft Capital works with industry-leading service partners offering the expertise to support organizations with specialized financing requirements.
